1	2021 Mini Cooper 3 Door	It's the original icon, reborn and reimagined for modern motoring. The MINI 3 door builds on 60+ years of timeless MINI design but comes equipped with a whole host of 21st-century tech features and practical touches to cater to your every need. Distinct by design and urban by nature, it's made to stand out as you explore new corners of your city. And with its ultra-nimble go-kart feel, you're sure to find something exciting around every turn. 2	2021 Mini Cooper 3 Door	It's the iconic MINI hatch, with two extra doors and a bit more room for passengers and cargo. Featuring our hallmark wheels-pushed stance and a low center of gravity, the MINI 5 door is designed to deliver the same level of corner-carving agility as its 3-door brother. But thanks to a surprisingly spacious interior equipped with added legroom and up to 941 Litres of cargo space, it's as functional to own as it is fun to drive.
